## SUMMARY

Passionate computer science student with a passion for crafting engaging and user-centric web experiences. Seeking a front-end internship to leverage coding skills, creativity, and problem-solving abilities in building intuitive and visually appealing digital interfaces. Well-versed in numerous technologies and languages including HTML, CSS, JS, ReactJS, and Typescript.

## EXPERIENCE

### Food Donation Website and Mobile App

HTML | CSS | JavaScript | PHP | PostgreSQL | Kotlin | Firebase

Led the development of a comprehensive food donation platform, encompassing a **website and mobile app**, utilizing PostgreSQL as a database, **PHP** for backend functionalities, and HTML, CSS, and JavaScript for frontend design. Implemented a user-friendly interface, allowing three **distinct profile types: receivers, donors, and riders**. For the mobile app, utilized Kotlin for Android development and leveraged Firebase as the backend database.

### Personal Portfolio Website

HTML | CSS | JavaScript | React | TailwindCSS

Created a personal portfolio website showcasing projects and skills using HTML, CSS, and JavaScript. Utilized **ReactJS** to build an interactive user interface, enhancing user experience and navigation. Implemented **responsive design principles**, ensuring seamless accessibility and functionality across devices.

### E-commerce Admin Dashboard

HTML | CSS | JavaScript | React | TailwindCSS

Developed a **responsive** feature-rich admin dashboard for ongoing e-commerce personal project using **ReactJS and Tailwind CSS**. Implemented intuitive data visualization components and real-time sales analytics for informed decision-making. Utilized modular design principles, resulting in a scalable and maintainable codebase for efficient future enhancements.
